Important Information

This STR is NOT a holiday but rather an important component of your NDIS plan. It has been designed to provide you and your carers with respite, giving both parties an opportunity to live independently for a short duration. Opportunities to build new skills, improve functional capacity, and increase independence will be a feature throughout this STR. Facilitating community participation through various outdoor and social activities as well as allowing you to explore new environments and experiences in line with your NDIS goals. Community Kings STRs are delivered in accordance with NDIS Short Term Respite guidelines Oct '25, ensuring supports are disability-related, goal-directed, and consistent with reasonable and necessary criteria. All Community Kings activities are supervised by experienced staff and qualified facilitators, with all team members holding current First Aid and CPR certifications. While every effort is made to maintain a safe environment, participation is at each individual's own risk. Community Kings is not liable for injury, loss, or damage except where required by law, and we remain committed to proactive risk management and professional supervision. All participants and support workers have consented to the photos below.

About Us

Our vision revolves around fostering positive masculinity and personal growth while providing unwavering support to all our guests during their short-term respite.

We take immense pride in being a family-run small business, and our commitment extends beyond our accommodation services. We aspire to create a space where positive male values are celebrated through a combination of meaningful and enjoyable activities.

We are contactable for the duration of the period, and we will happily send updates of the fun and meaningful activities the gentlemen are partaking in should that be requested.
